STEEL MEN LOOK OVER PLATE GLASS FACTORY

Significance Attached to Visit of Geo. Nash and Party

AFTER COAL HOLDINGS

Double Deal Said to be Considered With View of Establishing Mill Here

Much significance is attached to a visit and tour of inspection Thursday by Superintendent George Nash and a party of Pittsburg Steel officials through the Pittsburg Plate Glass company's factory No. 6 here. They came from Monessen, where one of the biggest plants of the Pittsburg Steel company is located and armed with a blue print were shown through the plate glass plant by Neri Newcomb, now in charge of the works, and the master mechanic. The party of steel men made a careful inspection of not only the entire Plate Glass plant but went over the site and viewed the immediate surrounding territory. After their tour through the plant, the party left as they had come quietly and mysteriously in Mr. Nash's automobile.

While nothing definite was learned of the steel men's visit, there is much conjectured. The most desirable property owned by the Pittsburg Plate Glass compnay here is the Charleroi Coal works. It is stated the Pittsburg Steel company has been negotiating for this mine. If they could secure it they would have a coal supply right at home. They could ship coal across the river to their dock directly opposite the mine at a decided lessening of cost to the present methods of securing fuel. Conjecture is that the Pittsburg Steel company expects to take over the coal works and incidentally the old Plate Glass factory plant to use for a finishing mill. More room is needed at the Monessen mill when the proposed new blast furnaces are built, as the furnaces have to be in close proximity to the open hearths. If the finishing department could be moved elsewhere the necessary additional room would be provided. Thus it is conjectured the company heads hit upon the scheme of buying the Plate Glass plant here. Billets could be transported from the Pittsburg Steel company's docks by water and magnetic cranes could be used for the loading and unloading.

It is stated that the Pittsburg Plate Glass company is anxious to dispose of their local plant, which was never as good a paying investment as other plants they owned. Labor conditions here were unsatisfastory, the company having to pay more for labor which was of a somewhat changeable nature. Consequently the cost of production here was more. Then it is said the company is tired of operating their coal mine here, because it was necessary to market a large portion of their coal.

It has been often rumored that the Plate Glass factory here is little more than a piece of wreckage. This is not true. The buildings are substantial, the only new thing needed to put them in first class shape being new roofs

Pulled From Under Train

Foreigner in Trying to Step From Moving Car Has Narrow Escape

When a foreigner attempted to alight from a passenger train just pulling out from the station here Thursday night he had a narrow escape from serious injury if not death. When he struck the pavement he was by his momentum whirled about. Losing his footing he fell and rolled towards the wheels of the train. D. C. Whitlatch, the baggage agent, was nearby and just as the man's legs were going under the wheels of the train, seized him and pulled him away.

Bear Makes Hasty Exit From Home

Animal Endowed With More Lives Than One Takes French Leave

Has any one seen—not Kelley, but a lost bear? The animal is supposed to be dead, but it has proven to be a most lively sort of corpse, inasmuch as it made its escape from the Elks' club house here the other night, and the last seen or heard of it was that it was climbing into the baggage car of the "bummer."

The animal in question was supposed to have been slain by "Bill" Phillips and John Jenkins in the wilds of Oil City during the Elk hunt last week. The body was brought here and placed on ice at the club house, but the night of the big supper on Tuesday it mysteriously disappeared. Jenkins declared it had been stolen, but a bunch of the Brownsville boys who attended the supper informed "Jinks" that a bear is like a cat—has nine lives or more, and that under the genial atmosphere of the club house it came to life and made its escape. In its extremity, and in order to reach the wilds of Fayette county as soon as possible it climbed into the baggage car of the "bummer," and is now roaming at large in the vicinity of Brownsville.

Anyhow the bear is lost, and "Jinks" is busy smelling out a trail.

NEW CURTAIN FOR PALACE THEATRE

At the Palace Theatre Manager Barnhart has installed a new silver screen which was used for the first time Thursday night. The screen is manufactured of plate glass, especially prepared and adds to the brilliancy of the photoplay pictures shown on the screen. It brings out the high lights effectively. The new screen shows one of the latest developments in the production of moving pictures.

EXPLAIN OBJECT OF ASSOCIATION

Loyal Temperance Legion to Educate Children Against Drink Evil

Considerable interest attaches to the efforts of the Loyal Temperance Legion an organization of young people recently formed here. Those at the head of the movement explain the object as follows: The Loyal Legion aims only to interest the boys and girls in total abstinence principles through the teaching of scientific temperance truth from carefully prepared text-books called Temperance Manuals, but it seeks to inculcate the very highest ideals, and its purpose is in the broadest sense, character-building The whole effort is educational, and it is founded on the principle which Miss Willard advocats: that the real way to solve the temperance problem is to set before the youth the truth concerning alcohol and the saloon, give them a knowledge of their relation to society and to humanity and show them that the only way to stop drunkenness is to reach human souls before the chains of habit have bound them.

The following pledge is taken by members of the Loyal Legion:

Pledge.

Trusting in God's help, I solemnly promise to abstain from the use of alcoholic drink, including wine, beer and cider, from the use of tobacco in any form and from profanity.

The society will meet at the Washington Avenue Presbyterian church Friday evening just after school. All children are invited.

PACKET GREENDAY IN UP-RIVER TRADE

Arrangement has been made that the packet Greenday of the Green line, which has been operating between Pomroy and Cincinnati, Ohio, on the Ohio river, will take up the trade between Pittsburg, Morgantown and Fairmont, on the Monongahela river. This trade was lately vacated by the packet I. C. Woodward being withdrawn.

Grand Jury at Work.

The grand jury re-convened at Washington, Wednesday, having adjourned over Tuesday for election. True bills were found against six foreigners in various parts of the county for selling liquor without a license, and against several others for various petty offenses Several bills were ignored, while others were settled.

County Seat Police Chief Meets Death

William J. Dulaney Passes Away at 4 O'clock With Bullet in Brain

With a bullet in his brain, William J. Dulaney, chief of police at Washington, died this morning at 4 o'clock He lived abouet two hours after the shot was fired at the home of Miss Ada Lennox, whom he is said to have been visiting Thursday night. Whether he himself fired the bullet or whether the deed was done by some other person is a question No charges are made.

Dulaney, aged 32, is married and has two children. He has been friendly with Miss Lennox for it is claimed about two or three years. She claims he was reclining on the couch and she was seated at the foot. He was toying with his gun, she states, declaring he would shoot himself and finally carried out his threat. Examination of the wound shows no signs of powder about the bullet hole and his hair was not burned.

STRIKING SERMON BY EVANGELIST

"Deep Sea Fishing" is Topic of Rev. E. A. Burrows at M. E. Church

"Deep Sea Fishing" was the topic of Dr. Burrows' discourse last night in the Methodist church. Among other striking things he said:

"The conservative is of great value to the world the pessimist none. I can't is the language of hell. 'I can do all things through Christ that strengtheneth me,' is the language of heaven. Some people would rather that their children should be damned than give up their sins. When a man gets away from God there is no knowing what he will do next."

The whole of the discourse was lit up with flashes of wit, humor and pathos. Prayer meetings are being held in different parts of the town in the morning and in the afternoon. Dr. Burrows gives addresses in the lecture room of the church. He will preach again tonight and tomorrow night. On Sunday afternoon he will give an address to men only on "The Shrewd Detective."

CARDINALS PUT IT ON THE GIANTS

The Cardinals defeated the Giants in a basketball game at the Imperial A. C. Thursday night. The lineup:

Lhoest	G.	F. Flood

Substitutes—Martin and Tomlinson for F. Larue and F. Flood. Field goals—F. Larue 3, F. Flood 1, Goaziou 6. Lhoest, Martin 4, Tomlinson 1, Leclercq 2. Dubinsky 2. Stech 2. Sweeney 3. Goals from fouls—Martin 1, Dubinsky. Referee—C. Myers.

BIG SOCIALIST VOTE IN COUNTY

There was a large socialist vote cast in Washington county this year. In the industrial sections along the Monongahela river and in various mining sections a heavy vote was polled by this eement. In West Brownsville 88 Sacialist votes were cast and only a few of the Republican candidates were able to survive this storm. In Roscoe, Charleroi, Donora, Monongahela, Hackett, the Cecil township precincts and in many other places the Socialists were out in large numbers. It is figured that most of these votes came out of the Republican party. The vote when tabulated will be large in the county.

Mrs. Frank J. John has gone to Toronto, Ohio to visit her sister Mrs. George Snyder.

TABULATING BOARD AT WORK COUNTING VOTES

Bond Issue Is Favored

Monessen Voters Favorable to Proposition for Spending $130,000

Monessen once again put herself in the progressive class Tuesday by voting in favor of a $130,000 bond issue for a bridge across Third street and street improvements, as well as to liquidate a debt of $65,000. There were 652 expressions and out of this number 510 voted for the issue while the remainder recorded against it.

Heavy Trade Is Indicated for November

Coal Shipments Start Off Well First Eight Days of Month

With the River Coal combine and the Vesta Coal company maintaining their average good season shipments, the coal trade along the valley is continuing good. So far this month a decided increase in the amount of coal moved is shown by figures at Lock No. 4, the shipments keeping up to the average for the most prosperous times.

There were 4,378,000 bushels of coal moved through Lock No. 4, the first eight days of this month. This shows an average daily shipment of 547.250 bushels. Continued throughout the month there should be a total shipment of 16,417,000 bushels.

Accounting for the increased trade is the return of barges and flats from the lower rivers. The River Coal combine which did not do much shipping during the summer is now holding its own. The Vesta Coal company is sending down the river about 250,000 bushels daily, or a similar amount to that of the River Coal combine. The Clyde Coal company and the Diamond Coal company are the other main shippers.

STEAMER SWAN TO REMOVE A SNAG

The United States Steamer Swan Navy Department supervising the inspection of lights along the Monongahela river, was sent to the mouth of Redstone creek at Brownsville Thursday to remove a snag. There is the usual activity at the Government yards at North Charleroi, which is the Swan's headquarters. Two needle flats for the lower river dams have been finished and Thursday the last one was launched. A barge was launched Thursday from off the docks.

Most Voters in Monongahela.

Monongahela led all the river towns in the number of votes cast Tuesday. The vote of the four largest river towns was as follows: Monongahela, 1,122; Charleroi, 1,059; Donora 1,057; Monessen, 1,030.

Lewis at Noon Today Leading Martin by 30 Votes

WORK STILL PROCEEDS

Ninety Out of 142 Precincts Counted--Martin's Friends Say He May Contest

With the official count of ballots completed in 90 out of 142 precincts at noon today the margin by which Dr. A. V. Lewis of Donora leads over Joseph W. Martin of California for prothonotary is not diminshed any but remains the same as it did this morning—at 30 votes. In this count the interest of the entire county at large centers all the rest of the offices being easily won by the Republicans.

The official board appointed by the court which is making the county is composed of John W. McDowell and Arthur Witherspoon, with A G. Braden and C. E. Hess as reading clerks. These in the presence of Judge J. F. Taylor began the official count Thursday. Dr. Lewis and Mr. Martin were interested spectators Thursday and each made note of any gain or loss from the official count. Some errors were found in checking up the prothonotary vote yesterday, and there appeared to be separating Martin from the office of Prothonotary just 30 votes.

It is stated that in case the official count of votes does not prove Mr. Martin the victor over Dr. Lewis, the election will be contested. It is claimed by Martin's friends that he has plenty of ground for entering a contest.

NEWSPAPER MAN TO GIVE LECTURE

Either "Sunshine and Awkwardness" or "A Sample Case of Humor" will be the subject of the lecture to be given at School Hall tonight by Strickand W. Mr. Gillilan is a veteran newspaper man. He arrived this afternoon and spent a while in the Mail office where he exchanged experiences with the editor and others. Mr. Gillilan has worked from coast to coast and numbers among his acquaintances some of the best known newspaper people of the day.

PRESERVING PAINT OF NEW KIND TRIED

The Government is putting into use at its yards at North Charleroi a new kind of preserving paint for its flats. This week two needle flats for use in dams in the lower river were painted with the new paint which is called "avenarius carbolineum." The paint is being tried at the Government yards more as an experiment although it is much used by the Government.

HOPE FOR THE FUTURE.

While the visit of the Pittsburg Steel company officials to the Pittsburg Plate Glass company's factory here may portend nothing at present it is significant from the fact that an effort is evidently being made to either dispose of the property or to utilize it in some manner. It is too valuable to remain idle and unproductive for any length of time.

Business and industrial matters cannot remain forever in a chaotic condition. The politicians will soon get through with making capital at the public expense, and there will no longer be any trusts left to bust. When they are all busted the work of repairing the damage will occupy some time, it is true, but after that things must sooner or later settle down to a common sense business basis. There is hope for the future.

PICKED UP IN PASSING

It is related that when the railroad was first extended to Rices Landing, up in Greene county, many of the natives who had always traveled by boat and never by rail, had some funny experiences before they adapted themselves to the changed conditions. Shortly after the passenger service was installed on the extension a farmer from the interior come to the town and bought a ticket to some down river point. The train arrived and departed, but the passenger still stood on the platform with his grip in his hand

"Didn't you intend to go on this train?' asked the station agent, who had sold the ticket.

"I don't know. I want to go to Charleroi."

"Then why didn't you get on?"

"Well, I didn't see any gang plank put out, so I didn't know whether this was the one or not."

He was instructed that the trains didn't run out gang planks for passengers, who had to climb up the steps to get aboard.

WOMEN CANDIDATES GOT A LARGE VOTE

Considering the fact that no woman ever before had been a candidate for office in Washington borough the vote cast for Mrs. Annie R. Murphy and Mrs. Minnie Borchers, who were candidates for school director was remarkable. Mrs. Murphy received a total of 1,156 votes and Mrs. Borchers 1,178.

In several precincts these two women polled more votes than their competitors and Mrs. Borchers failed of election by only 144 votes.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles and we know of nothing else that equals it for effectiveness, because of the results in has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought aboutabout by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existance, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember, you can obtain Rexall Remidies in Charleroi only at our store. The Rexall Store. Carroll's Drug Store, 623 Fallowfield Avenue, Charleroi.

One triangular tablet, chewed well, is often times enough, as a good mild laxative, but you eat more without any injurious effects. Try one. For sale by all druggists 10 and 25 cents. Guaranteed by The Trialax Company under the Pure Food and Drug Act, June 20, 1906, Serial No. 34,900. 3

This Girl Recovered from Consumption

The makers of Eckman's Alterative, which is doing so much good for Consumptives, are continually in receipt of really wonderful reports of cures brought about solely through the use of this medicine. These reports are always at the command of anyone interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

421 Second Ave., Aurora, Ill.

"Gentlemen: Pardon me for not writing sooner, but I wanted to see if I would stay cured. I can now truthfully say I am perfectly well. Never felt better in all my life. I wish to express my heartfelt thanks. I never have any pain, no cough, no night sweats, no hay-fever. Since a child of two years I have been ailing with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said if I could not be sent South, I would surely die of Consumption. Every winter I would be sure to have either Bronchitis, Pleurisy, or Pneumonia. I had Typhoid-Pneumonia one time. I had catarrh of the stomach and bowels and had Hay Fever for the last few years; but have not anything of the kind this year.

"I will answer all letters sent to me, asking a history of my case, from any one suffering from lung trouble."

"I remain with many thanks to you, your grateful friend."

(Signed Affidavit) ETTA PLATH.

Three years later reports still well.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and

STEEL MEN LOOK OVER PLATE GLASS FACTORY

Significance Attached to Visit of Geo. Nash and Party

AFTER COAL HOLDINGS

Double Deal Said to be Considered With View of Establishing Mill Here

Much significance is attached to a visit and tour of inspection Thursday by Superintendent George Nash and a party of Pittsburg Steel officials through the Pittsburg Plate Glass company's factory No. 6 here They came from Monessen, where one of the biggest plants of the Pittsburg Steel company is located and armed with a blue print were shown through the plate glass plant by Neri Newcomb, now in charge of the works, and the master mechanic. The party of steel men made a careful inspection of not only the entire Plate Glass plant but went over the site and viewed the immediate surrounding territory. After their tour through the plant, the party left as they had come quietly and mysteriously in Mr. Nash's automobile

While nothing definite was learned of the steel men's visit, there is much conjectured. The most desirable property owned by the Pittsburg Plate Glass compnay here is the Charleroi Coal works. It is stated the Pittsburg Steel company has been negotiating for this mine If they could secure it they would have a coal supply right at home They could ship coal across the river to their dock directly opposite the mine at a decided lessening of cost to the present methods of securing fuel Conjecture is that the Pittsburg Steel company expects to take over the coal works and incidentally the old Plate Glass factory plant to use for a finishing mill. More room is needed at the Monessen mill when the proposed new blast furnaces are built, as the furnaces have to be in close proximity to the open hearths If the finishing department could be moved elsewhere the necessary additional room would be provided. Thus it is conjectured the company heads hit upon the scheme of buying the Plate Glass plant here. Billets could be transported from the Pittsburg Steel company's docks by water and magnetic cranes could be used for the loading and unloading.

It is stated that the Pittsburg Plate Glass company is anxious to dispose of their local plant, which was never as good a paying investment as other plants they owned Labor conditions here were unsatisfactory, the company having to pay more for labor which was of a somewhat changeable nature Consequently the cost of production here was more Then it is said the company is tired of operating their coal mine here, because it was necessary to market a large portion of their coal

It has been often rumored that the Plate Glass factory here is little more than a piece of wreckage. This is not true The buildings are substantial, the only new thing needed to put them in first class shape being new roofs

Pulled From Under Train

Foreigner in Trying to Step From Moving Car Has Narrow Escape

When a foreigner attempted to alight from a passenger train just pulling out from the station here Thursday night he had a narrow escape from serious injury if not death When he struck the pavement he was by his momentum whirled about Losing his footing he fell and rolled towards the wheels of the train. D. C. Whitlatch, the baggage agent, was nearby and just as the man's legs were going under the wheels of the train, seized him and pulled him away.

Bear Makes Hasty Exit From Home

Animal Endowed With More Lives Than One Takes French Leave

Has any one seen—not Kelley, but a lost bear? The animal is supposed to be dead, but it has proven to be a most lively sort of corpse, inasmuch as it made its escape from the Elks' club house here the other night, and the last seen or heard of it was that it was climbing into the baggage car of the "bummer."

The animal in question was supposed to have been slain by "Bill" Phillips and John Jenkins in the wilds of Oil City during the Elk hunt last week The body was brought here and placed on ice at the club house, but the night of the big supper on Tuesday it mysteriously disappeared Jenkins declared it had been stolen, but a bunch of the Brownsville boys who attended the supper informed "Jinks" that a bear is like a cat—has nine lives or more, and that under the genial atmosphere of the club house it came to life and made its escape In its extremity, and in order to reach the wilds of Fayette county as soon as possible it climbed into the baggage car of the "bummer," and is now roaming at large in the vicinity of Brownsville

Anyhow the bear is lost, and "Jinks" is busy smelling out a trail

EXPLAIN OBJECT OF ASSOCIATION

Loyal Temperance Legion to Educate Children Against Drink Evil

Considerable interest attaches to the efforts of the Loyal Temperance Legion an organization of young people recently formed here. Those at the head of the movement explain the object as follows: The Loyal Legion aims only to interest the boys and girls in total abstinence principles through the teaching of scientific temperance truth from carefully prepared text-books called Temperance Manuals, but it seeks to inculcate the very highest ideals, and its purpose is in the broadest sense, character-building The whole effort is educational, and it is founded on the principle which Miss Willard advocats that the real way to solve the temperance problem is to set before the youth the truth concerning alcohol and the saloon, give them a knowledge of their relation to society and to humanity and show them that the only way to stop drunkenness is to reach human souls before the chains of habit have bound them

The following pledge is taken by members of the Loyal Legion.

Pledge.

Trusting in God's help, I solemnly promise to abstain from the use of alcoholic drink, including wine, beer and cider, from the use of tobacco in any form and from profanity.

The society will meet at the Washington Avenue Presbyterian church Friday evening just after school. All children are invited

PACKET GREENDAY IN UP-RIVER TRADE

Examination of the wound shows no signs of powder about the bullet hole and his hair was not burned

STRIKING SERMON BY EVANGELIST

"Deep Sea Fishing" is Topic of Rev. E. A. Burrows at M. E. Church

"Deep Sea Fishing" was the topic of Dr Burrows' discourse last night in the Methodist church. Among other striking things he said:

"The conservative is of great value to the world the pessimist none. I can't is the language of hell 'I can do all things through Christ that strengtheneth me,' is the language of heaven. Some people would rather that their children should be damned than give up their sins When a man gets away from God there is no knowing what he will do next."

The whole of the discourse was lit up with flashes of wit, humor and pathos. Prayer meetings are being held in different parts of the town in the morning and in the afternoon. Dr Burrows gives addresses in the lecture room of the church. He will preach again tonight and tomorrow night. On Sunday afternoon he will give an address to men only on "The Shrewd Detective"

BIG SOCIALIST VOTE IN COUNTY

There was a large socialist vote cast in Washington county this year In the industrial sections along the Monongahela river and in various mining sections a heavy vote was polled by this element In West Brownsville 88 Socialist votes were cast and only a few of the Republican candidates were able to survive this storm. In Roscoe, Charleroi, Donora, Monongahela, Hackett, the Cecil township precincts and in many other places the Socialists were out in large [illegible] It is figured that most of these votes came out of the Republican party. The vote when tabulated will be large in the county.

Mrs. Frank J. John has gone to Toronto, Ohio to visit her sister Mrs. George Snyder.

TABULATING BOARD AT WORK COUNTING VOTES

Bond Issue Is Favored

Monessen Voters Favorable to Proposition for Spending $130,000

Monessen once again put herself in the progressive class Tuesday by voting in favor of a $130,000 bond issue for a bridge across Third street and street improvements, as well as to liquidate a debt of $65.000. There were 652 expressions and out of this number 510 voted for the issue while the remainder recorded against it

Heavy Trade Is Indicated for November

Coal Shipments Start Off Well First Eight Days of Month

With the River Coal combine and the Vesta Coal company maintaining their average good season shipments, the coal trade along the valley is continuing good So far this month a decided increase in the amount of coal moved is shown by figures at Lock No 4. the shipments keeping up to the average for the most prosperous times.

There were 4,378,000 bushels of coal moved through Lock No. 4, the first eight days of this month This shows an average daily shipment of 547.250 bushels. Continued throughout the month there should be a total shipment of 16,417,000 bushels

Accounting for the increased trade is the return of barges and flats from the lower rivers The River Coal combine which did not do much shipping during the summer is now holding its own The Vesta Coal company is sending down the river about 250,000 bushels daily, or a similar amount to that of the River Coal combine The Clyde Coal company and the Diamond Coal company are the other main shippers.

STEAMER SWAN TO REMOVE A SNAG

The United States Steamer Swan Navy Department supervising the inspection of lights along the Monongahela river, was sent to the mouth of Redstone creek at Brownsville Thursday to remove a snag. There is the usual activity at the Government yards at North Charleroi, which is the Swan's headquarters Two needle flats for the lower river dams have been finished and Thursday the last one was launched A barge was launched Thursday from off the docks

Most Voters in Monongahela.

Monongahela led all the river towns in the number of votes cast Tuesday The vote of the four largest river towns was as follows Monongahela, 1,122; Charleroi, 1 059; Donora 1,057. Monessen, 1.030.

Lewis at Noon Today Leading Martin by 30 Votes

WORK STILL PROCEEDS

Ninety Out of 142 Precincts Counted--Martin's Friends Say He May Contest

With the official count of ballots completed in 90 out of 142 precincts at noon today the margin by which Dr A V. Lewis of Donora leads over Joseph W Martin of California for prothonotary is not diminshed any but remains the same as it did this morning—at 30 votes. In this count the interest of the entire county at large centers all the rest of the offices being easily won by the Republicans.

The official board appointed by the court which is making the county is composed of John W. McDowell and Arthur Witherspoon, with A G. Braden and C. E Hess as reading clerks. These in the presence of Judge J. F. Taylor began the official count Thursday. Dr Lewis and Mr. Martin were interested spectators Thursday and each made note of any gain or loss from the official count Some errors were found in checking up the prothonotary vote yesterday, and there appeared to be separating Martin from the office of Prothonotary just 30 votes

It is stated that in case the official count of votes does not prove Mr. Martin the victor over Dr. Lewis, the election will be contested. It is claimed by Martin's friends that he has plenty of ground for entering a contest.

PRESERVING PAINT OF NEW KIND TRIED

The Government is putting into use at its yards at North Charleroi a new kind of preserving paint for its flats. This week two needle flats for use in dams in the lower river were painted with the new paint which is called "avenarius carbolineum" The paint is being tried at the Government yards more as an experiment although it is much used by the Government

HOPE FOR THE FUTURE.

While the visit of the Pittsburg Steel company officials to the Pittsburg Plate Glass company's factory here may portend nothing at present it is significant from the fact that an effort is evidently being made to either dispose of the property or to utilize it in some manner. It is too valuable to remain idle and unproductive for any length of time

[illegible] cannot remain forever in a chaotic condition. The politicians will soon get through with making capital at the public expense, and there will no longer be any trusts left to bust When they are all busted the work of repairing the damage will occupy some time, it is true, but after that things must sooner or later settle down to a common sense business basis. There is hope for the future.

PICKED UP IN PASSING

It is related that when the railroad was first extended to Rices Landing, up in Greene county, many of the natives who had always traveled by boat and never by rail, had some funny experiences before they adapted themselves to the changed conditions. Shortly after the passenger service was installed on the extension a farmer from the interior come to the town and bought a ticket to some down river point. The train arrived and departed, but the passenger still stood on the platform with his grip in his hand

"Didn't you intend to go on this train?" asked the station agent, who had sold the ticket.

"I don't know I want to go to Charleroi"

"Then why didn't you get on?"

"Well, I didn't see any gang plank put out. so I didn't know whether this was the one or not"

He was instructed that the trains didn't run out gang planks for passengers, who had to climb up the steps to get aboard

WOMEN CANDIDATES GOT A LARGE VOTE

Considering the fact that no woman ever before had been a candidate for office in Washington borough the vote cast for Mrs. Annie R. Murphy and Mrs. Minnie Borchers, who were candidates for school director was remarkable. Mrs. Murphy received a total of 1,156 votes and Mrs. Borchers 1,178.

In several precincts these two women polled more votes than their competitors and Mrs. Borchers failed of election by only 144 votes.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles and we know of nothing else that equals it for effectiveness, because of the results in has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought aboutabout by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existance, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember, you can obtain Rexall Remidies in Charleroi only at our store. The Rexall Store. Carroll's Drug Store, 623 Fallowfield Avenue, Charleroi.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

This Girl Recovered from Consumption

The makers of Eckman's Alterative, which is doing so much good for Consumptives, are continually in receipt of really wonderful reports of cures brought about solely through the use of this medicine. These reports are always at the command of anyone interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

421 Second Ave., Aurora, Ill.

"Gentlemen: Pardon me for not writing sooner, but I wanted to see if I would stay cured. I can now truthfully say I am perfectly well. Never felt better in all my life. I wish to express my heartfelt thanks. I never have any pain, no cough, no night sweats, no hay-fever. Since a child of two years I have been ailing with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said if I could not be sent South. I would surely die of Consumption. Every winter I would be sure to have either Bronchitis, Pleurisy, or Pneumonia. I had Typhoid-Pneumonia one time. I had catarrh of the stomach and bowels and had Hay Fever for the last few years; but have not anything of the kind this year.

"I will answer all letters sent to me, asking a history of my case, from any one suffering from lung trouble."

"I remain with many thanks to you, your grateful friend."

(Signed Affidavit) ETTA PLATH.

Three years later reports still well.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and

SAVED MANY FROM DEATH.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr King's New Discovery for weak, sore lungs hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe its the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free or regular 50c or $1.00 bottle. Guaranteed by W. F. Hennings.'
